ESTABLISHMENTS.

The 26th April 1920.

No. 37.—Babu Pyari Charan Gupta, Sub-Engineer, Northern Drainage and Embankment Division, is granted, under article 260 of the Civil Service Regulations, privilege leave for one month and 25 days, with effect from the 1st March 1920.

No. 24.—The following resolution, issued by the Government of India, in the Public Works Department, is republished for information :—

No. 192E. A., dated Simla, the 1st April 1920.

RESOLUTION—By the Government of India, Public Works Department (Establishments).

In paragraph 5 of Annexure XVIII to their report the Public Services Commission suggested that it might be desirable to consider the question of transforming the upper subordinate establishment of the Public Works Department into a service organized on the model of the existing provincial civil services and of the similarly organized services proposed by them for the Education and Forest Departments. They also recommended that steps should be taken to raise the qualifications of the proposed new service. These recommendations received the strong support of the Public Works Department Reorganization Committee, who suggested that an inferior engineering service should be constituted to provide the bulk of the subdivisional officers. After consulting local Governments and Administrations proposals were formulated to which the sanction of His Majesty's Secretary of State has now been received. The change will be introduced with effect from 1st February 1920. The following are the main features of the scheme :—

I. There will be constituted a provincial service of engineers to comprise the bulk of the officers of the Public Works Department required for the charge of subdivisions. The Public Works Department will in future be organized in the following three services—

- (i) The Indian Service of Engineers.
- (ii) The "Provincial" Engineering service.
- (iii) The "Subordinate" Engineering service.

Recruits for the new Provincial service will be mainly drawn from the Engineering classes of the Indian Engineering Colleges, while appointments will be guaranteed to a certain number of students who fail to obtain appointments in the Indian Service of Engineers. During the first five years after the formation of the Provincial service local Governments will be authorised to promote to them selected members of their upper subordinate establishment, but in making their selection local Governments are requested to bear in mind that the Provincial service is to be a new service of engineers and not a reorganized service of subordinates. Selected temporary engineers may also be appointed to the new service, while any officers of the superior service, who may have failed to show their fitness for divisional rank, but who are held to be efficient subdivisional officers, may be offered appointments in this service. If they refuse such appointments their services should be dispensed with.

II. In order to provide for those members of the permanent upper subordinate establishment, who are not qualified and cannot be selected for appointment to the new Provincial service, and for those students who are in the upper subordinate classes at the Engineering Institutions on the date of formation of the new service, the upper subordinate establishment will be maintained for the present, but no further recruitment of upper subordinates will be made after the students in the colleges on the 1st February 1920 have been absorbed to the numbers guaranteed. The upper subordinate establishment will thus gradually be reduced until it ceases to exist. Classes for upper subordinates at the Engineering Institutions will be discontinued when the students now in these classes have completed their course of instruction.

III. The maximum pay of the Provincial service in all provinces except Burma will be Rs. 750 per mensem. In the case of Madras, Bombay and Bengal the initial and intermediate rates of pay will be as may be prescribed by those Governments. In the case of the United Provinces, the Punjab, Bihar and Orissa, the Central Provinces, Assam, Rajputana and Central India, the pay of the service will be fixed on a continuous time scale of Rs. 250—20—750, with an efficiency bar at Rs. 550. The pay of the Burma Engineering service has, owing to the high cost of living in that province, been fixed at Rs. 300—20—800 with an efficiency bar at Rs. 600.

IV. The Provincial service in each province will be designated the "Madras Engineering Service," "Central Provinces Engineering Service," and so forth. The members of these services will be described as Assistant Engineers.

V. The members of the Provincial service will be eligible for advancement to the Indian Service of Engineers, and 20 per cent. of the number of superior posts open to the India-recruited branch of the Engineer establishment will be allotted in each province to the Provincial Engineering service. Officers thus promoted will be brought into the superior service on the rate of pay next above that which they were drawing in the Provincial service and will count for seniority accordingly. No restrictions are laid down regarding the age at which an officer in the Provincial service may be promoted to the Indian Service of Engineers. This matter will be left to the discretion of Provincial Governments, who will, however, probably find that the interests of the public service are best consulted by selection of officers at an early period in their service. Members of the new subordinate service will not be eligible for promotion to the Provincial service; but they will be entitled to an allowance of Rs. 75 when placed in charge of a subdivision.

VI. Local Governments and Administrations will be addressed separately in regard to the strength of the Provincial service in each province, the initial salary to be drawn by officers selected for this service and other cognate matters. But in order that the appointment of deserving members of the permanent upper subordinate establishment to the new service may not be delayed, local Governments are authorised to make such appointments forthwith on the following conditions:—

- (a) The number of officers appointed to the Provincial service should not exceed 25 per cent. of the number of regular subdivisions in the province.
- (b) The maximum initial pay of an officer appointed to the Provincial Engineering service should not exceed that which he would draw had all his service as an upper subordinate been in the Provincial Engineering service.
- (c) The minimum initial pay of an officer appointed to the Provincial Engineering service should not be less than what he is drawing as an upper subordinate at the time of his selection. If, owing to the operation of condition (b), an officer appointed to the Provincial service is entitled to a rate of pay less than he is drawing at the time of his selection, the difference should be paid to him as a personal allowance.
- (d) Seniority on appointment to the Provincial service should be governed by the selected officers' pay, and officers granted the same pay should retain their present relative seniority.
- (e) All appointments to the Provincial service made prior to the 1st September 1920 will have effect as from the 1st February 1920.
- (f) All appointments made in virtue of the present special permission should be regarded as subject to revision and reconsideration, should this prove necessary, when all conditions governing the new service can be brought fully into operation.

VII. Commissaries, Deputy Commissaries, Assistant Commissaries, Warrant and Non-commissioned Officers of the Public Works Department, and, with the concurrence of the Director-General of Military Works, of the Military Works Services, may be appointed to the Provincial Engineering service on the same terms and conditions as Civilians, subject in the case of

Warrant and Non-commissioned officers to the further condition that they take their discharge from the Army.

(1) A rate of 14 annas per acre shall be levied on all cultivated lands and a rate of 5 annas per acre on all lands classed as jungle and waste.

Common lands such as roads, streams, burning ghats shall be excluded from assessment.

(4) Landlords shall pay the raiyats' share for lands in their khas possession and raiyats shall pay the full raiyati rate for lands covered by their holdings.

(5) As between the different grades of landlords the landlords' share shall be apportioned thus—

(a) Permanent tenureholders whose rent or rate of rent is fixed in perpetuity shall pay their own share of cost and that of landlords superior to them.

(b) Other permanent tenureholders and temporary tenureholders whose lease has over 15 years to run shall pay three-fourths of the landlords' share and their landlords shall pay the remaining one-fourth.

(d) Temporary tenureholders who do not hold on a lease or for a fixed term shall pay half of the landlord's share.

Explanation.—The calculation shall be made from the lowest grade of landlords immediately above the raiyats. The period for which the lease of the tenure or the undertenure is to run is to be reckoned in each case from the close of the agricultural year in which the record is finally published.

Rules for the Promotion Examination of Sub-Assistant Surgeons of the Bengal Provincial Establishment.

Examinations of Sub-Assistant Surgeons in professional subjects will be held every half-year, as they are now, on the 15th April and 15th October each year. If the 15th falls on a Saturday or Sunday, the examination will be held on the following Monday. If the 15th falls on or during the course of any gazetted Government holiday or period of holidays, the examination will be held on the first Monday following such gazetted holiday or period of holidays.

2. The examination will be held at those stations only in which medical schools are situated, where the Superintendents and staff of teachers can superintend the examinations satisfactorily. These are Calcutta and Dacca.

3. The centres for examination for Sub-Assistant Surgeons will be—

Calcutta, for those from—

Presidency, Burdwan and Rajshahi Divisions.

Dacca, for those from —

Dacca and Chittagong Divisions.

N. B.—When the Burdwan Medical School is opened candidates from the Burdwan Division will appear at Burdwan.

4. Sub-Assistant Surgeons are liable to pass the professional examination before they can be promoted from the 4th to the 3rd and from the 3rd to the 2nd grade. They are permitted to appear for these examinations at any time during the quinquennial period spent in the 4th and 3rd grades, respectively; but promotion on passing will have effect from the dates on which they shall have completed five years' service in the lower grade. If a Sub-Assistant Surgeon fails to pass the professional examination within the quinquennial period his promotion will have effect from the date on which he passes the examination. There is no examination for promotion from the 2nd to the 1st grade and from the 1st grade to the senior grade, but each Sub-Assistant Surgeon in the 2nd grade is required to pass a period of five years in that grade before promotion to the 1st grade, while promotion from the 1st grade to the senior and within the latter grade is given by selection. Sub-Assistant Surgeons who are liable for examination should apply to the Surgeon-General with the Government of Bengal, two months beforehand, through their immediate superior officers.

5. In submitting applications for examination, Civil Surgeons should state what local arrangements can be made for conducting the candidates' duties during their absence.

6. Any expenses that may be incurred in making local or other arrangements for duty and the payment of the travelling expenses of the candidates will be regulated in accordance with the provisions of the Civil Service Regulations.

7. The names of the candidates with other particulars will be communicated to the several Superintendents by the Surgeon-General with the Government of Bengal.

8. The examining board will be formed of three members, viz., the Superintendent and two of the teachers of the school. The Superintendent will be the president of the board.

9. The Surgeon-General with the Government of Bengal will call for questions on professional subjects from one or other of the Superintendents. The Superintendent setting the questions will set five questions in each paper. At the top of each question-paper a note will be printed to the effect that candidates are required to answer only any four of the five questions set, and must not answer more. The officers setting the questions or the Surgeon-General may make any of the five questions compulsory. The questions set will be such as candidates can reasonably be expected to answer within the allotted time.

11. The Surgeon-General, on receiving the questions, will, if he approves of them, adopt measures to have the questions in each subject printed separately and to transmit in good time the required number of printed questions on each subject packed and sealed in separate covers to Superintendents of medical schools, who will be responsible for their safe custody till they are used at the examination. It is suggested that five practical exercises shall be proposed to the candidate, who must choose the four for which he will be marked.

In the practical examination all oral communication between the examiner and the candidate must be in English; and at the end of the practical examination of a candidate in a subject marks up to 10 may be given for *unusual* excellence of conversational English. Members of the examining board may, at their discretion, decide on the distribution of the duty of awarding marks for the various subjects at the written and practical examinations, but the president of the board will enter the results of the examinations in the form prescribed below and send it to the Surgeon-General with the Government of Bengal.

No. 27.—Babu Mohendra Kumar Bhattacharji, Assistant Engineer, is transferred in the interest of public service from the Circular and Eastern Canals to the Cossye Division.

The 8th May 1920.

No. 28.—The following Regulations, issued by the Secretary of State for India regarding the appointment of Assistant Executive Engineers in the Indian Public Works Department and Indian State Railways in 1920, are republished for general information:—

INDIAN PUBLIC WORKS DEPARTMENT AND INDIAN STATE RAILWAYS.**REGULATIONS AS TO APPOINTMENT OF ASSISTANT EXECUTIVE ENGINEERS IN 1920.**

[*The Secretary of State is unable to give any undertaking that the Regulations will remain unaltered in the future.*]

1. Until further notice the Secretary of State for India in Council will, during each year, make a number of appointments of Assistant Executive Engineers in the Public Works and State Railway Departments of the Government of India.

In making these appointments he will act with the advice of a Selection Committee, including at least one eminent representative of the Engineering profession.

In 1920 it is intended that 17 appointments of Europeans and 2 of Indians should be made.

The Selection Committee will probably sit in July.

2. Applications must be made on a printed form, which may be obtained from the Secretary, Public Works Department, India Office, Whitehall, S.W. 1, or, in the case of officers in India and Mesopotamia, from the Secretary to the Government of India, Public Works Department, Simla. Applications must be received at the India Office not later than 30th June.

3. An Indian candidate must have attained the age of 21 and not attained the age of 24 years on the first day of July of the year in which he offers himself for appointment.

Every European candidate must have been born on or after the 2nd August 1893 and on or before the 1st August 1898.

[N.B.—*Indians must obtain a certificate of age and nationality in the form explained in Appendix II. As the production of this certificate is a necessary condition of appointment, intending candidates are advised to procure it without delay. The certificate should be forwarded to the India Office together with the candidate's form of application or at the earliest subsequent opportunity.*]

4. Every European candidate in 1920, subject to the exception stated below, must have served in His Majesty's Naval, Military or Air Forces during the war for at least one year, or if his service be less than one year, have been discharged on account of wounds or sickness resulting from such service.

In the case of Europeans who have been prevented on adequate grounds from joining His Majesty's Forces, applications to be exceptionally admitted as candidates may be made to the India Office for consideration.

5. Every European candidate must be a British subject and, except as provided in Regulation 6, if he or his father or his mother was not born within His Majesty's Dominions and allegiance, the father must at the time of the candidate's birth have been a British subject and still be (or have continued to be until his death) a British subject. The decision of the Secretary of State in Council whether a candidate satisfies these conditions shall be final. A candidate must also be of good moral character and sound bodily health and, in the opinion of the Secretary of State for India in Council, in all respects suitable to hold an appointment in the Indian Public Works Department or State Railway Department.

6. Indians are eligible for the appointments open to them provided that they are British subjects or that the Governor-General in Council has made a declaration under section 96A of the Government of India Act, 1915, as amended by section 3 of the Government of India (Amendment) Act, 1916, that they are to be considered eligible.

7. Applications from European candidates in India and Mesopotamia should be forwarded direct to the Secretary, Public Works Department, India Office, Whitehall, London, S. W. 1. These applications will be examined by the Selection Committee at the India Office, and any candidate who may be considered fit for appointment will be required to appear in person before a Local Advisory Committee in India.

8. Indian Candidates must produce evidence that they have either (1) obtained one of the University degrees mentioned in Appendix I; or (2) passed Sections A and B of the A.M.I.C.E. examination; or (3) obtained such other diploma or distinction in Engineering as the Secretary of State may decide to accept in any particular case. It is preferred that candidates should have taken a college course and obtained one of the degrees mentioned in Appendix I. It is advisable that in addition they should have had at least one full year's practical experience of Civil Engineering under a qualified Civil Engineer at the time when they appear before the Selection Committee. Those whose qualifying diploma has been obtained without a college course should have had a full three years of such practical experience.

9. European applicants eligible under Rule 4 who can produce evidence of the above qualifications will be admitted as candidates; others not holding one of the recognised degrees or diplomas must produce evidence—

- (a) of having received a general education high enough to fit them to receive proper professional training and to become members of the Engineering profession;
- (b) of having received some technical education (University or otherwise) in Engineering; and
- (c) of having had some practical training and experience in Engineering as civilians and in military or quasi-military service.

An applicant who has served or is serving at the time of his application, must produce, if possible, a report by his Commanding Officer on his character, administrative capacity and powers of organisation, and aptitude, natural bent, and Engineering experience.

10. In the event of any candidate being selected who has not, in the opinion of the Selection Committee had sufficient practical experience, he may be required to undergo, after arrival in India, such period of probation

in charge of works as may be decided upon, and his final appointment will be made dependent upon the result of such probation.

11. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee. Applicants in India (*see* Rule 7 above) must be prepared to attend before the Local Advisory Committee authorised by the Government of India to investigate their candidature.

12. Candidates will further be required, before final appointment by the Secretary of State in Council, to appear, at their own expense, before the Medical Board at the India Office for examination as to their physical fitness for service in India, or in case of applicants selected without attendance at the India Office, before such Medical Board as the Government of India may appoint.

The Regulations governing the physical examination of candidates for the Public Works and State Railway Departments of the Government of India are given in Appendix III.

*13. Selected candidates will also be required to satisfy the Secretary of State of their ability to ride.

14. They will on appointment be provided with a free first-class passage to India and they will be expected to proceed thither about the end of September or later in the year in which they are appointed.

Their pay will begin from the date of their landing in India, and, if they so desire, they will be able to obtain an advance of two months' pay, recoverable by monthly instalments of one-third of salary. Of this advance a portion not exceeding one-half may be drawn in England. The pay of candidates appointed in India will begin from the date of reporting for duty as they may be directed.

15. If less than 24 years of age on 1st August 1920, European candidates will enter the service as Assistant Executive Engineers on a salary of Rs. 6,300 a year. If above 24 years, they will be credited with service as though they had been appointed in their 24th year. The years of service so credited will subsequently count for purposes of pay and promotion, but not for leave.

16. Service in His Majesty's Forces will count for active and total service for pension (including invalid pension) as follows:—Candidates who have attained the age of 25 and are under 27 on 1st August preceding arrival in India, will be allowed to count a period not exceeding one year, provided such period was spent on active war service, including sick leave. Candidates of 27 years and over will similarly be allowed to count a period not exceeding two years subject to the same proviso.

17. The instruments required by Assistant Executive Engineers are supplied to them in India.

18. Particulars as to pay, pension, etc., are contained in Appendices IV and V.

INDIA OFFICE,
February 1920.

* Selected candidates will be examined by the Civil Service Commissioners as to their ability to ride and will be required to obtain either—

- (a) a certificate from the Civil Service Commissioners that they are sufficiently at home in the saddle for the efficient performance of all the duties of the Indian Public Works and State Railway Departments; or
- (b) a certificate from the Civil Service Commissioners of minimum proficiency in riding.

In the latter case they will be subjected, on their arrival in India, to such further tests in riding as may be prescribed by their Government.

Candidates are warned that the certificate of minimum proficiency in riding, without which they will not be allowed to proceed to India, is only granted to those who can qualify in a series of tests, which includes jumping.

The chief tests will be saddling and bridling; mounting and dismounting; trotting and cantering; riding at a trot without stirrups; riding at a trot with stirrups but without reins; jumping a hedge hurdle about 3 feet in height.

Although the examination will, in the main, be confined to these points, the examiner will not be debarred from applying any other tests which may appear desirable.

APPENDIX III.

REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENT TO THE PUBLIC WORKS DEPARTMENT OF THE GOVERNMENT OF INDIA.

Note.—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.

It is not the practice to communicate to candidates who may be reported as physically unfit for service in India the reasons for the Medical Board's opinion.

General Physical Requirements.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.
2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth :—

| Age. | Height without shoes. | CHEST. | |
|----------------|-----------------------|----------------------|---------------------|
| | | Girth when expanded. | Range of expansion. |
| | Inches. | Inches. | Inches. |
| 21 and upwards | 62½ and under 65 | 35 | 2 |
| | 65 " 68 | 35½ | 2 |
| | 68 " 70 | 36 | 2 |
| | 70 " 72 | 36½ | 2½ |
| | 72 and upwards | 37 | 2½ |

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity and with the heels, calves, buttocks, and shoulders touching the standard the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. In the Indian Police Force a minimum height of 5 feet 4 inches is required, but in other Departments no fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. The Regulations as to the standard of vision required are shown separately for each department. In all cases of "colour blindness" a note of the same will be made on the candidate's papers.

Candidates may, if they wish it, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(a) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement as to the particular appointment which the candidate desires to obtain.

(b) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to the examination, or to their appointment.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

REGULATIONS AS TO THE STANDARD OF VISION.

1. If myopia in one or both eyes exists, a candidate may be passed provided the ametropia does not exceed 3.5 D, and if, with correcting glasses not exceeding 3.5 D, the acuteness of vision in one eye equals $\frac{5}{6}$ and in the other $\frac{4}{5}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate, provided the lens, or the combined spherical and cylindrical lenses, required to correct the error of refraction, does not exceed 3.5 D; the acuteness of vision in

one eye, when corrected, being equal to $\frac{1}{2}$, and in the other $\frac{1}{2}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{1}{2}$, and in the other eye equals $\frac{1}{2}$, with + 4 D glasses, or any lower power.

4. Hypermetropic astigmatism does not disqualify, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{1}{2}$, and the other $\frac{1}{2}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{1}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in these rules, may exclude a candidate.

6. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. Any imperfection of the colour sense is a disqualification for appointment to the engineering branch of the Railway Department. In other cases the existence of imperfection of colour sense will be noted on the candidate's papers.

FOR ALL APPOINTMENTS UNDER THE INDIAN GOVERNMENT A DECLARATION AS FOLLOWS, IS REQUIRED FROM CANDIDATES.

1. I _____ declare upon honour that, to the best of my knowledge and belief, I am not at present suffering or affected with any form of disease or bodily infirmity, such as—

APPENDIX V. (*See para. 18 of the Regulations.*)

NOTE.—This Appendix is merely intended to show the principal leave and pension rules in the Civil Service Regulations at present applicable to Engineers appointed to the Indian Service of Engineers from the United Kingdom without going into minute details, and does not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Civil Service Regulations for the time being.

LEAVE.

1. The following is a summary of the principal regulations relating to the leave admissible to Engineers appointed to the Indian Service of Engineers by the Secretary of State from the United Kingdom:—

Long Leave.

2. Furlough with allowances (*see* paragraph 5) is admissible to an aggregate maximum amount of six years during an officer's service.

3. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

4. Except as provided in rule 7, furlough without medical certificate is limited to the amount "due" and may not exceed two years at a time. On medical certificate furlough may be extended to three years.

5. The allowances admissible during furlough are—

(1) During any period of furlough not exceeding two years half average salary, subject to certain maximum and (in the case of furlough with medical certificate) minimum limits.

(2) After the expiration of the first two years of any period of furlough one quarter of average salary, subject to certain maximum and minimum limits.

6. Furlough on half average salary (*see* paragraph 5) may be commuted into leave on higher pay subject to the following conditions:—

(1) The leave on higher pay, or "commuted furlough," is fixed at one-half of the furlough commuted.

(2) The amount of furlough which may be commuted during an officer's total service is limited to two years.

(3) The commuted furlough will carry an allowance at the rate of average salary, subject to a maximum of 2,400*l.* a year.

(4) Subject to special consideration in exceptional circumstances, an officer must have six months' furlough at his credit at the end of the "commuted furlough" or any leave granted to him in continuation of it.

(5) In any one period of leave not more than eight months may be spent on "commuted furlough" or on "commuted furlough" combined with privilege leave.

(6) For the purpose of the rules governing the extent to which leave taken out of India may be allowed to count as service for pension, time spent out of India on "commuted furlough" will be reckoned according to its actual duration, and not according to the duration of the furlough in exchange for which it is granted.

7. In respect of urgent private affairs, an officer may be granted furlough in excess of the amount "due" for a period not exceeding six months at one time or 12 months in the whole of his service.

Short Leave.

8. Privilege leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to four months. It may be combined with leave of other kinds.

9. Joining time for a short period, usually with half average salary, is granted to an officer returning from leave out of India to enable him to rejoin his appointment.

10. Short leave is also granted to enable officers to appear at examinations, &c.

11. Extraordinary leave without allowances may be granted in case of necessity, and, subject to exception in special cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General.

12. Leave of absence, whether on furlough or on privilege leave, cannot be claimed as of right, and is given or refused at the discretion of Government.

PENSIONS.

13. The following is a summary of the pension rules applicable to Engineers appointed to the Indian Service of Engineers by the Secretary of State from the United Kingdom:—

Ordinary Pensions.

14. Subject to the absolute right of the Government of India to decline to permit any officer to retire before reaching the age for superannuation, should it be necessary in the public interest to retain his services, officers will be allowed to retire optionally after 20 or more years service.

15. Retirement is ordinarily required at the age of 55 years, but for special reasons an officer is sometimes retained after attaining that age.

16. An officer becomes eligible for full retiring pension on completing 30 years' qualifying service.

17. If before completing this period of service an officer is permitted to retire voluntarily after completion of 20 or more years qualifying service (para. 14), or is compelled to retire on attaining the age of 55 (para. 15), or through ill-health not occasioned by irregular or intemperate habits, he will be eligible for a reduced pension or, if invalided with less than 10 years' qualifying service, for a gratuity.

18. The amount of pension or gratuity is regulated as follows:—

(a) After a service of less than 10 years.—A gratuity not exceeding one month's emoluments for each completed year of service.

(b) After a service of not less than 10 years.—A pension not exceeding the following amounts :—

| Years of Completed Service. | Maximum Limit of Pension. | Years of Completed Service. | Maximum Limit of pension. |
|-----------------------------|---------------------------|-----------------------------|---------------------------|
| | Rs. | | Rs. |
| 10 | 1,000 a year | 19 | 3,000 a year |
| 11 | 1,400 " | 20 | 4,000 " |
| 12 | 1,800 " | 25 | 5,000 " |
| 13 | 2,200 " | 26 | 5,200 " |
| 14 | 2,600 " | 27 | 5,400 " |
| 15 | 3,000 " | 28 | 5,600 " |
| 16 | 3,000 " | 29 | 5,800 " |
| 17 | 3,000 " | 30 | 6,000 " |
| 18 | 3,000 " | | |

19. Government may retire any officer after he has completed 25 years' service without giving reasons, and without any claim for compensation in addition to pension, and in that event the pension admissible to him will ordinarily be regulated on a scale not exceeding that laid down above. Government also reserves the general power to reduce the pension ordinarily admissible in all cases where an officer's service has been unsatisfactory.

Additional Pensions.

20. The Government of India have classified certain high appointments into two grades, the lower comprising those posts which involve high but intermediate responsibility, the higher consisting of those which require a marked degree of independent administrative and professional capacity. Officers who have held appointments listed in the lower grade will be entitled to an additional pension at the rate of Rs. 300 per year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 1,500 in respect of service classed in the lower grade. Officers who have held appointments listed in the upper grade will be entitled to an additional pension at the rate of Rs. 500 for each completed year of effective service rendered in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

21. These additional pensions will be awarded only to officers who have given proof of special energy and efficiency, and will be subject to the condition that an officer must not retire voluntarily before the age of 55 with less than 28 years' service.

The upper grade includes the Secretary to the Government of India, Public Works Department, the Inspector-General of Irrigation, and Chief Engineers of the Indian Service of Engineers.

The lower grade includes Superintending Engineers, Indian Service of Engineers, and Deputy Secretary to the Government of India, Public Works Department.

PROVIDENT FUND.

22. A General Provident Fund, to which contribution is compulsory, has also been established on the following basis :—

- (1) The contribution is compulsory up to 6½ per cent. on salaries with voluntary contributions of not more than a further 9½ per cent. Subscriptions on leave of any kind are optional.
- (2) Compound interest on such payments is annually credited by Government to each officer subscribing.
- (3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, unconditionally, on quitting the service ; or in the event of his death before retirement, to his legal representatives or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.

laid on good vision and hearing, when, if passed as fit for the work of the Forest Department, they will be interviewed by a Selection Board appointed by the Government of India.

8. Candidates will not be entitled to any travelling allowance for journeys to appear before local Governments, or Political Officers or Agents, or for journeys to and from the local centres referred to in paragraph 6; but those summoned to appear at Dehra Dun for the physical test, medical examination and interview will be reimbursed, by the President, Forest Research Institute and College, Dehra Dun, before the candidates leave Dehra Dun to return to their homes, the cost of a second class ticket [by rail or (and) by sea] to and from Dehra Dun from the nearest railway stations or ports to their homes. Candidates must make their own arrangements for board and lodging at Dehra Dun, but the President, Forest Research Institute and College, will endeavour to assist those who communicate with him on this subject.

9. Those finally selected as a result of the examinations, tests and interview prescribed in paragraphs 6 and 7 will be appointed as probationers for the Indian Forest Service; they will be required to leave for England early in September and, subject to their undergoing satisfactorily, as described below, a course in Forestry and allied subjects in England, will be appointed finally as Assistant Conservators of Forests. Candidates selected for training will be provided with first class passages to England.

10. *Period of probation.*—Before appointment to the Imperial Forest Service a probationer will be required—

- (1) to have undergone and qualified in, to an extent to be prescribed by His Majesty's Secretary of State for India, the course of Forestry at such University as the Secretary of State may prescribe;
- (2) to have undergone a special course of instruction in Forestry under the direction and supervision of the Director of Indian Forest Studies;
- (3) to have passed an examination in forest engineering and, if required, in certain other special subjects, namely Systematic Botany of Indian trees, Indian Geology, Forest Law and Indian Working Plans;
- (4) to have undergone a final competitive examination in Forestry;
- (5) to have satisfied the Secretary of State, in such manner as may be determined, of his ability to ride.

The period of probation is, in ordinary cases, two years. The Director of Indian Forest Studies instructs probationers in each case as to the order and manner in which they should fulfil these various requirements.

11. *Charges*—Probationers will be required to defray all expenses of lodging, board, tuition and excursions to forest centres in the United Kingdom while at the University and on practical instruction.

12. *Allowances.*—The Secretary of State for India in Council makes payment to each probationer at the rate of £200* per annum, not exceeding a total of £400. These payments are ordinarily made on the following dates in each year:—

| | | | | | |
|-----------------|-----|-----|-----|-----|------|
| On 1st December | ... | ... | ... | ... | £ 60 |
| On 1st March | ... | ... | ... | ... | £ 60 |
| On 1st June | ... | ... | ... | ... | £ 80 |

The cases of probationers whose probation does not extend over the full period of two years will be specially considered.

For tours made on the Continent under the instructions of the Director of Forest Studies, subsistence and travelling allowance will be paid by the Secretary of State for India in Council at such rates as he may from time to time fix. The fees of the local forest officials at the centres visited will also be paid by the Secretary of State.

* This allowance is unlikely to be sufficient to meet all the needs of a probationer, who should be in a position to provide himself with at least another £ 150 per annum from other sources.

The grant of allowances is subject to the following conditions:—

- (a) that the progress of the probationer in his studies is satisfactory;
- (b) that the probationer gives security* to refund the payments in the event of his failing to qualify for an appointment in the Indian Forest Service, or not signing the articles of agreement as specified in paragraph 15 or failing to join the Indian Forest Service at the end of the period of probation.

13. *Conduct.*—Every probationer is required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he is liable to have his name removed from the list of probationers.

14. *Appointment and seniority.*—Probationers who comply with the requirements of paragraph 10 within the sanctioned period of time, and also satisfy such other tests as may be prescribed, are appointed Assistant Conservators in the Indian Forest Department, provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. No probationer will be confirmed as a member of the Imperial Forest Service who fails to profit by the course of training, or who appears, in the light of the experience acquired as to his capacity and qualifications during the probationary period, to be unsuited for the work of a forest officer.

The position of the Assistant Conservators in the Provincial Forest Lists is determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies. It is possible that officers promoted from the Provincial to the Imperial Service will take rank according to their pay in the latter service. In this case probationers recruited under these regulations must be prepared to find their names placed below those of officers promoted from the Provincial Service.

Probationers are allowed at the end of the period of probation to state their preference in respect to the province to which they desire to be allotted; but the distribution is made to the several provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council and no guarantee can be given that probationers will, on appointment, be posted to their own provinces. Indians will not, however, be required to serve in Burma and Burmans will not be required to serve in India.

Officers are at all times liable to be transferred from one province to another at the pleasure of the Government of India.

15. *Articles of Agreement.*—A probationer is required, on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

16. *Passage to India.*—Each probationer on appointment to the Indian Forest Service is provided with a free first class passage to India.

17. *Salary.*—The scale of pay and allowances in force for officers of Indian domicile is given in Appendix II to these regulations.

18. *Promotion, Leave and Pension.*—Promotion, leave and pension are governed by the regulations laid down by the Government of India, and applicable to forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service will be found in Appendix II, and a summary of information regarding leave and pensions is contained in Appendix III.

* Probationers will be required to give security to the local Government or Political Officer through whom they submitted their applications. If this condition is not satisfied they will not be permitted to leave for England.

APPENDICES.

APPENDIX I.

Final Examination.

1. With a view to the allocation of the annual Currie Scholarship for Indian Forest students (value about £35), and to facilitate the allotment of probationers to the several provinces in accordance with paragraph 14 of the Regulations as to appointments in the Indian Forest Service, probationers who have completed their prescribed course of training are required to undergo a competitive final examination in Forestry.
2. A list of the probationers in order of merit is prepared by adding together (a) the marks obtained at the final examination, and (b) the marks obtained during the course of practical training in forestry under the control of the Director of Indian Forest Studies. The maximum of marks obtainable under (a) is the same as under (b).

Powers and duties of union boards in regard to the control of dafadars and chaukidars.

I.—Appointment of dafadars and chaukidars.

1. When a vacancy exists in the post of dafadar or chaukidar, the board shall at once report the fact to the district magistrate through the circle officer, and to the officer in charge of the police-station in which the union is situated, and shall, *within a reasonable time*, submit a nomination roll in form A containing all the information prescribed therein. The nomination shall be made by the board at a meeting.

2. When he appoints a dafadar or chaukidar, the district magistrate shall inform the board through the circle officer and shall forward a sanad in form B for delivery to the dafadar or chaukidar.

II.—Dismissal of dafadars and chaukidars.

3. When the board at a meeting considers that a dafadar or chaukidar should be dismissed, it shall submit a statement of the case to the circle officer, who will forward it to the district magistrate with his comments. The statement submitted by the board shall furnish the following information in full detail:—

- (a) the nature and particulars of the misconduct or neglect complained of;
- (b) the explanation of the defendant;
- (c) details of his previous punishments and rewards; and
- (d) the finding and the recommendations of the board.

4. When he dismisses, or sanctions the dismissal of, a dafadar or chaukidar, the district magistrate shall record a proceeding and send a copy thereof to the board.

III.—Discipline of dafadars and chaukidars.

5. The board shall, subject to the control of the district magistrate, allocate to each chaukidar a reasonable beat and, if there is more than one dafadar, determine the dafadar under whom he shall serve; a dafadar's beat embraces the beats of the chaukidars placed under him.

6. The board may, with the sanction of the district magistrate, require dafadars and chaukidars to appear at muster parades at the board's office at regular intervals. Such parades shall not be held more than once a fortnight. The board shall keep a record of attendance at such parades.

7. The board at a meeting may formally censure or reprimand a dafadar or chaukidar by way of punishment.

8. When the board fines a dafadar or chaukidar it shall do so at a meeting; and shall record a proceeding giving details of the misconduct or neglect complained of, the explanation of the defendant, and the amount of fine imposed.

9. When the district magistrate fines a dafadar or chaukidar, he shall record a proceeding and send a copy of it to the board through the circle officer.

10. When the board at a meeting considers that a dafadar or chaukidar should be fined more than a quarter of one month's salary, it shall follow the procedure in rule 3 and submit the proceedings to the circle officer, who will forward it to the district magistrate with his comments.

11. The board at a meeting may recommend to the district magistrate the withdrawal from a dafadar or chaukidar of good conduct badges or stripes. Such recommendation shall be accompanied by the full report referred to in rule 10, and shall be submitted to the circle officer, who will forward it to the district magistrate with his comments.

12. The district magistrate may suspend any dafadar or chaukidar against whom the board has drawn up proceedings or in respect of whom he himself has initiated proceedings. Such suspensions shall be reported to the board, and the board shall thereupon make arrangements for a substitute.

13. The board at a meeting may recommend rewards of the following kinds:—

- (a) rewards in cash;
- (b) rewards in the form of good conduct stripes or badges;
- (c) gratuities on retirement.

14. When the board at a meeting considers that a dafadar or chaukidar should be rewarded, it shall submit a statement of the case to the circle officer, who will forward it to the district magistrate with his comments. The statement submitted by the board shall furnish the following information in full detail:—

- (a) particulars of the work for which a reward is recommended;
- (b) particulars of the reward recommended; and
- (c) the previous rewards and punishments of the dafadar or chaukidar in question.

15. When he sanctions a reward to a dafadar or chaukidar, the district magistrate shall record an order and forward a copy thereof to the board. Arrangements shall be made for the payment or grant of the reward at the earliest possible pay parade held after the said sanction.

16. Cash rewards and the cost of good conduct stripes or badges shall be paid out of the district chaukidari reward fund.

IV.—Payment of salaries and rewards to dafadars and chaukidars and realisation of fines.

17. Dafadars and chaukidars shall be paid, at regular intervals to be prescribed by the district magistrate, the pay due to them to the end of the preceding month. The dates of pay parades shall be fixed by the district magistrate and communicated by him to the board. These matters shall be determined by the district magistrate after consideration of the views of the board.

18. The board shall cause to be prepared before each date fixed for payment a register in form C showing the names of dafadars and chaukidars to be paid, the rate and amount of salary due to each, the period for which payment is to be made, and the amount of fine, if any, to be deducted from the salary of each.

19. Upon the date fixed all dafadars and chaukidars shall attend the board's office, and the president shall arrange for the distribution of their pay to them there.

20. The pay parade shall be conducted by the president of the board or, when he is incapable of conducting it, by any other member of the board, hereinafter referred to as the presiding member, deputed by the president in this behalf.

21. The presiding member shall in the first place ascertain whether any salary is owing to any dafadar or chaukidar for the period preceding that under payment, and shall first pay off any such salary which he finds to be due. Having done this, he shall then proceed to make payment for the current period.

22. All payments shall be made in cash and in full; and no payment shall be made to any payee for less than the sum due to him in respect of the period for which salaries are being paid. No admission of a payee of having received any pay in advance shall be accepted.

23. The amount of fine due from a dafadar or chaukidar shall be realised from him by the presiding member immediately after the payment of the salary due to him. No fine shall be realised otherwise than at the time of payment of salary.

24. All payments (less the amount of fine realised) and all realisations of fine shall be noted in the acquittance rolls of the payees, which shall be kept in form D, and shall be then and there signed and dated by the presiding member.

25. All such payments and realisations shall likewise be entered then and there by the presiding member in the board's payment register in form C.

26. If any dafadar or chaukidar is not paid, the fact and the grounds for non-payment shall be noted against his name in the remarks column of the payment register by the presiding member.

27. If any dafadar or chaukidar is absent from the pay parade, the amount due to him shall be kept in deposit in the board's office and paid to him in the presence of a member of the board on the first convenient opportunity. That member shall attest the payment in the payee's acquittance roll and in the payment register.

28. After paying their salaries to all the dafadars and chaukidars present, the presiding member shall distribute any rewards which have been sent to the board for distribution.

29. As soon as the pay parade is over, the board shall send to the nearest treasury for credit to the district chaukidari reward fund the total amount realised as fine accompanied by a chalan in triplicate for the sum total of the fines realised, upon which shall be endorsed the details of the realizations made. Of the two copies of the chalan which will be returned by the treasury, one copy shall be forwarded to the circle officer and one filed in the board's office.

30. As soon as the pay parade is over, the board shall send to the circle officer a report of the proceedings in form E.

V.—Payment of cost of equipment of dafadars and chaukidars.

31. The annual cost of equipment for dafadars and chaukidars (including conveyance charges for the same) shall be fixed by the district magistrate after consideration of the views of the board.

32. The circle officer shall send to the board a fortnight before the last pay parade in the first quarter a statement in form F.

33. The board shall pay the cost of equipment of chaukidars and dafadars to the circle officer in quarterly instalments. All such payments shall be in full in respect of every dafadar or chaukidar without exception. They shall be made not later than the day following the last pay parade in each quarter. The circle officer shall grant receipts for the same to the board in form G.

34. The circle officer, when he receives a consignment of equipment, shall forward it to the board concerned with an invoice in form H, in which Part I shall be filled up and signed by the circle officer and the board shall distribute the equipment at the next pay parade. When distribution has been completed, the union board shall fill up Part II and return the invoice (form H) to the circle officer.

VI.—Duties of dafadars and chaukidars.

35. Each dafadar and chaukidar shall receive from the board, on his appointment, a vernacular copy of instructions explaining his powers and duties.

36. The duties of the chaukidar shall include the following :—

- (c) he shall carry out all lawful orders of any dafadar of the union to which he belongs ;

37. A chaukidar shall not be taken away from his beat for miscellaneous or other work except in cases of special urgency or when he is required to guard or escort a prisoner. His employment by the police, by the board, by any member of the board or by any other authority as a private servant or in a menial capacity is strictly forbidden.

38. The duties of the dafadar shall include the following :—

- (a) he shall to the best of his ability assist the police in the prevention of crime and the maintenance of order, and shall perform such duties as the district magistrate may prescribe to that end,

and shall submit this diary to the officer in charge of the police-station whenever such officer calls for it ;

- (d) he shall periodically patrol the villages of the union or of his beat both by night and by day ;

- (f) he shall pay surprise visits to at least two of the chaukidars' beats on at least four nights during the week, and shall see that the chaukidars are alert and performing their duties ;
- (g) he shall attend all muster parades whether at the police-station or at the board's office. He shall there report all cases of misconduct in chaukidars subordinate to him, explain the causes of absence of any chaukidar who is absent, and see that all those present are dressed in proper uniform ;
- (h) when a chaukidar subordinate to him is unable on account of sickness or other sufficient reason to perform his duties, he shall inform the board promptly and shall see that a substitute is appointed ;

- (j) he shall be specially diligent in the arresting of absconders and in obtaining for the police all available information regarding them.

39. A dafadar shall not ordinarily be employed on work which would carry him outside the union to which he belongs or outside the beat to which, if he be one of several dafadars, he has been allotted.

VII.—Service of processes by dafadars and chaukidars.

40. Dafadars and chaukidars shall serve processes issued by union benches and union courts in accordance with rules issued under section 101 (2) (r). They shall also serve the following processes :—

41. Processes to be served by dafadars or chaukidars shall be sent direct to the president of the board. The president shall determine by which dafadar or chaukidar each process shall be served, and shall endorse upon each the name of the dafadar or chaukidar who is to serve it. The president shall make over to the dafadar the processes to be served by him as well as those to be served by chaukidars under him ; and the dafadar shall make over to the chaukidars those which they are to serve. Permanent way.—The life of the permanent way is to be taken as 12, 14 or 16 years according to the traffic thereon. The classification is to be based on the average car mileage per mile of track per annum of the financial year preceding the year of assessment, viz. :—

- (1) Not exceeding 50,000 car miles per mile of track—16 years.
- (2) Over 50,000 and not exceeding 75,000 car miles per mile of track—14 years.
- (3) Over 75,000 and not exceeding 125,000 car miles per mile of track—12 years.
- (4) Over 125,000 car miles per mile of track—Special consideration.

* Double these rates may be allowed for buildings used in industries which cause special deterioration, such as chemical works, soap and candle works, paper mills and tanneries.

† The special rates for electrical machinery given below may be adopted at firm's option, for that portion of their machinery.

Where there are special circumstances, such as exceptional gradients and the compulsory use of wood paving, etc., tending to show that the car mileage does not fairly represent the wear and tear of the track, each such case is entitled to special consideration.

Cost of renewals including setts or other paving but excluding concrete foundations should be taken at £4,400* per mile of single track until the general renewal of the track takes place and the allowance for depreciation should be computed at such a sum per annum as will, in the aggregate over the determined life of the permanent way, be equal to the cost of renewal as above fixed.

Actual expenditure on repairs and maintenance should be charged as working expenses as and when incurred.

Cars and other Rolling Stock.—All maintenance of car bodies should be charged direct to revenue.

Depreciation on the cost of car trucks and electrical motors should be allowed at 7 per cent. per annum.

General Plant, Machinery and Tools.—All other plant and machinery, machine tools (as distinct from loose tools, etc., which are renewals out of revenue year by year) should be bulked together and depreciation allowed thereon at the rate of 5 per cent. per annum in addition to the cost of repairs.
